

The Holt Education Foundation,

founded in 1993, is a non-profit corporation organized under the laws of the State of Michigan as a method of providing private support to enhance the Holt Public Schools' programs and services beyond the limits of normal tax support.

Mission:

The Holt Education Foundation shall provide educational opportunities for establishing innovative programs and resources that will challenge students and staff members to achieve their full potential, now and in the future.

Funds to support the Foundation's efforts are obtained through individual and corporate tax-deductible contributions. Donations can be general in nature, or can be given to support a particular project. The Foundation may sponsor fund-raising events from time to time.

You have an opportunity to invest in the future of our children! Education is an investment, not an expense. The Holt Education Foundation is an opportunity for you to invest in programs, services, and resources that will support student achievement at the highest levels. Gifts and donations to the Holt Education Foundation are tax deductible.
